**2. GRAND KNIGHT'S MESSAGE By Chris Losack, Grand Knight [closack@bellsouth.net](mailto:closack@bellsouth.net)**

Brother Knights:

Happy 2010!! It's hard to believe that we have already completed the first half of this Fraternal Year! It seems like only yesterday that we gathered for my first meeting as Grand Knight. I look back on all of the accomplishments that we have made in that time. From the Church Picnic to the Blood Drives to the multiple works for the Church. We even had our inaugural Bocce team ☺ I am so proud of all the good works that you have done. You should be very proud. Now it is time to look forward to the second half of the year. The Senior Leadership of this council will be attending the NC State Mid-Year meeting then bringing information back for our other officers and the entire council. We will also be planning our terrific Fish Frys as well as the first ever 3<sup>rd</sup> Degree to be held at StMM. There are a lot of activities that will be coming up and I know that I can count on your support.

Vivat Jesus,  
Chris Losack, GK #7186

**3. COUNCIL 7186 ITEMS**

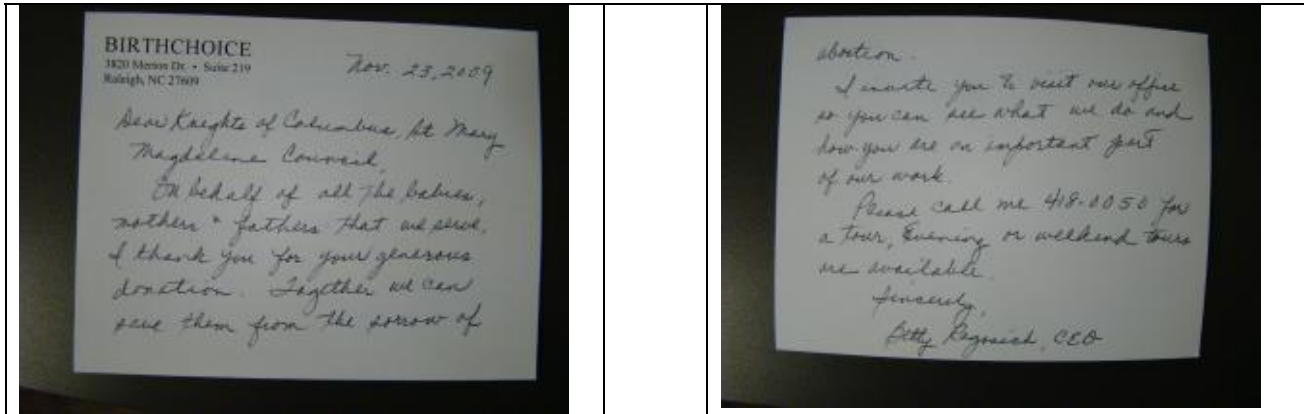

**PLEASE PRAY** by Danny Lynch

Prayer is a powerful thing so we ask all members to remember in your prayers all who are in need. If you know of any Brother Knights, family, and friends who are sick, in distress, or in need of our prayers please contact Frank DeMaria. Special intentions this month include:

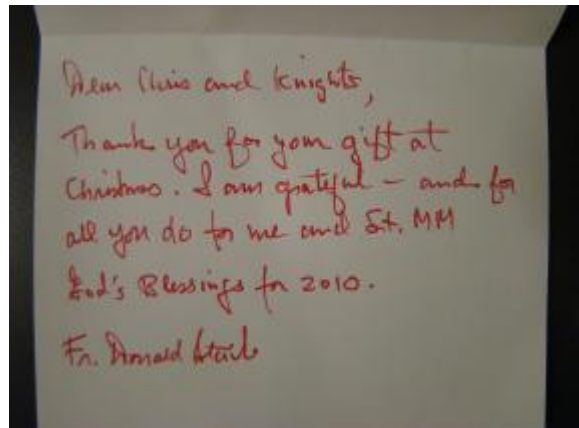

- Mother-in-law of Steve Veno
- Mother-in-law of Bob Judge
- Daughter of Mike Martin
- Al Martin will have surgery this month
- Miles Owen
- All those in the military

RECOGNITION by Chris Losack, Grand Knight

SPECIAL ITEMS

A note of Thanks from Betty Rogazich, CEO for BirthChoice, for the donation from Council 7186

A note of Thanks from Fr. Staib for the Christmas gift from Council 7186.

**A BABY FOR THE FAMILY OF PAUL MASTROPOLO**

Proud Parents Amanda and Paul Mastropolo with Nathan. Comments from Paul:

Nathan was born on December 23rd, weighed 7 pounds, 9 ounces, and was 19 3/4 inches long. While he hasn't completed his first season in the major leagues, I'm projecting a .330 batting average, 108 RBIs, and 95 runs scored :) Actually he has a much better chance of being a soccer player since that is the only sport dad played while growing up!

**USHERS** by Russ Copersito

The Knights of Columbus participate as ushers during the 9:00 Mass on the third weekend of every month. What a great way to get involved, show our support of our Council, AND do a little recruiting to boot! We ask that you wear your KofC name badge and/or a Knights shirt to show our unity and let everyone know that we are Knights and proud of what we do and stand for!

If you have questions about what to do or how to get involved in this ministry, you can contact Russ Copersito at 303-0330.

**5. FIELD AGENT'S CORNER by Mike Martin**

An article from Mike Martin:

Time to take control

By Thomas P. Smith, Jr., Executive Vice President of Agencies and Marketing

A statistic I find frightening is this: about 50% of households in the United States and Canada have no individually owned life insurance. We will discuss this number over the next few months as I try to convince you to get out of that group if you are in it. If you aren't among the 50%, maybe I can enlist your help in your council as a spokesman for the value of life insurance.

Note that I said "individually owned life insurance." While the number for those with absolutely no life insurance is just as - if not more - frightening, the 50% does not include those who have some form of group life insurance, usually provided by their employer.

This group life issue, which our agents see and discuss every day, is an interesting security blanket. Most times, the amount offered is far from what you need, and the only way to determine what you need is with a comprehensive needs analysis. Your company's human resources or benefits department doesn't do needs analysis. Instead, they apply a formula: you make X amount in salary and the group life is either a flat amount (\$15,000 seems popular) or a multiple of your salary (somewhere between 1.5 and 2.5 seems popular). Either way, it has nothing to do with the number of children you have, the mortgage balance you carry, or the amount of money your wife would need if you die. It's a completely random number.

It can also disappear at any time. All of us know people - friends, family members, neighbors, etc. - who have lost their jobs. When the job is lost, so is the group life insurance coverage. If the company experiences difficulty and budgets need to be cut, group life can be reduced or eliminated. And that decision could be made at the worst possible time for you.

Most group life insurance coverage reduces or disappears when you retire. Many times it can be converted, but at a very expensive premium (remember, you're no kid anymore when you retire, and premiums do rise as you get older). Just because you turn 65 doesn't mean you no longer need life insurance or need less coverage. Actually, the opposite is true.

Group life insurance is a great benefit and certainly does help, but it must be supplemented with a personally owned portfolio. We can tell you exactly how to blend your group benefit with your K of C life insurance so things can be in your control. Don't let the feeling of security that group life provides distract you from the real issue: taking control of your family's financial future!
